CONDITIONS OF SALE.

Please read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. Our records are final.

SPECIAL INSTRUCTIONS FOR BIDDERS.

Please be careful and bid on the right lot.

In the sales room a cash deposit may be asked for from new bidders.

Strangers bidding by mail for the first time will be obliged to send a remittance for lots secured on receipt of our bill. A cash deposit of 20 % of the bids of a new bidder will ensure that his bids will be executed.

MR. ELDER WILL GLADLY ADVISE COLLECTORS AS TO THE VALUE OF ANY LOT IN THIS SALE.

Lots are actually sold and are not on approval. Kindly read our printed sale terms.

Please help us to get 300 bid sheets or over for this sale, which on account of its length, variety of the offerings, and their quality, should result in an unprecedented number of bids for the sale.

There are about 3,000 lots in this sale, which puts it in the first rank as the longest and best sale held this year.

We are on the job and going stronger than ever after 33 years of sales. We are now the oldest cataloguers in the field.

THIS IS OUR LAST SALE UNTIL APRIL NEXT. SO TAKE ADVANTAGE OF IT. NO ELDER SALES IN FEBRUARY OR MARCH.

Attend the sale in person if at all possible to do so. Otherwise send us a good sized lot of bids. We are going to remodel our mailing list and those who fail to bid in about six sales will be dropped from the list. Please show us, by sending a few bids for this fine sale, that you are still in the market and an active collector.

ANOTHER SENSATIONAL FOUR-DAY SALE OF COINS.

If the Elder Coin & Curio Corporation needs to give any further proof that they lead the Coin Sale Procession, here it is, in this Big Four-Days Sale of the Sloane, Lenz and Other Collections. Over half a dozen collectors and estates have consigned lots for actual sale for this great sale of about 3,000 lots. It furnishes a fitting wind-up to our season of 1935-6, and no more Elder Sales will be held until April next.

Observe please, the quality of the offerings and their variety,—the 500 lots of Gold Coins, in size from the large Oban down to the 25 cent gold coin or the wafer-like gold of Nepaul.

The array of fine and rare ancient Greek, Egyptian, Phoenician, Tyrian, Syrian and Roman coins in gold, silver, and bronze. Note the fine and rare Roman silver and Bronze coins of Nero, Galba, Marc Antony, Julius Caesar and others in the Sloane and other collections. Note the rare first bronzes of rulers like Galba, and Nero and the magnificent bronze medal of Trajanus Decius, the finest one we have ever set eyes on. Note the splendid tetradrachm of Mausole, Satrap of Caria, with the bold head of Apollo facing.

The several hundred lots of Large and Small Cents are varied, with rarities dating from 1793 to the present, with I believe four of 1856 with the flying eagle. There is an extremely fine Octagonal slug of 1852.

There are many choice mint-marked United States gold and silver coins, splendid minor coins in the best condition.

A wide variety of paper money, autograph letters, curios and relics is offered, with letters of Aaron Burr, Richard Stockton and Dewitt Clinton.

In our summary of rarities and features note the fine groups of Rare U. S. Gold Coins, with about 25 Rare Double Eagles, not a common coin among the offering; with many Rare and choice Half Eagles from 1795 on, with choice quarter eagles from 1802 on, Rare Three Dollar coins, including a Dahlonega Mint three dollar gold of 1854, and another rare \$20 gold coin of 1861 of the New Orleans Mint, struck while the Confederates held that mint.

Rare Ten Dollar Coins include the very rare piece of 1877, with but 817 pieces struck; and other early eagles from 1797 on including some very rare mintmarked Tens.

Rare Half Eagles include many choice mint-marks of the various southern mints, and 1877 of the Philadelphia Mint with but 1,152 pieces coined. as well as many choice older examples around 1800.

Rare Quarter Eagles include 1802, 1804, 1805, 1807, 1808, 1824, 1830, 1832 and some choice mint-marks of the later dates.

Rare Colonials include Choice Washington Coins and Pine and Oak Tree Money of Massachusetts as well as New York and other State issues.

There are very fine and rare Mediaeval pieces in silver, some choice Crowns and Double Crowns, as well as many of smaller sizes.

Rare U. S. Pattern coins in two groups, separately consigned, add to the interest with some of the cent, two and five cent size. The above is merely an outline of some of the features, for more particulars see the list of the same appended herewith. All consignments belong to eastern collectors.

Kindly remember that we have with us something new in American coins also, and that is a fifty-nine cent dollar, which should be so indicated by the liberality of your bids. The present advance in stocks is merely discounting our dollar which decreases in buying power as commodities rise in price. So in bidding don't forget you aren't bidding with a 1913 dollar today, or even with a 1932 dollar. Bids like \$6 or \$7 for fine 1856 eagle cents, \$1.50 for a gold dollar, and forty cents for a full-sized foreign crown, and \$2 for proof Indian head cents of 1871, 1872 and 1877 cents are not available and only waste our time in reading. So make your bids as liberal as possible and we will in each case try to save you something from your bids as submitted.

To those who plan to attend the sale, the exhibit is on days of sale only, from 9 A. M. to 12.30 P. M. and the sale starts promptly at one o'clock each day. Our first coin sale was held in 1903, so we are not beginners. We shall hope for a large number of bids. Assist us in making this one of the most successful sales we have held.
